Public Notice #2 to Saegertown and the Area

Emergency operations at the Parker-Lord Plant have been terminated. The plant is now in recovery mode. The community should no longer be affected.

The water leak on Euclid Ave. has been repaired and the water service has been restored. Water pressure was not lost in the system during the repair. The water is safe to drink and use. If you have discoloration, run your water until it clears up.

Please look at the borough website for any further updates:
