Water Project Update:

The project is progressing to a planned completion in September (or October).
Please remember that there will be occasional times when water pressure varies, and you may have some discolored water. Just run the water until it is clear. We are required to make regular bacteria tests during construction…there are many more tests required during construction, than are normally scheduled.

Leaf Season is almost upon us!

We will be using the new leaf sucker again this year. It made leaf pick-up much easier and quicker.
•We are asking residents to mow the lawn before you rake leaves onto it. This helps us with picking up.
•Leaves must be raked to the edge of the road (Not ON the road)
•Leaves must be in neat piles - rows are great. • Make sure there are no rocks, stones or sticks in the pile.

•Wet leaves need to be dried out, by turning them over until dry.
•Absolutely no burning leaves or grass (including pine needles).
•A limited number of leaf bags are available…only to residents that have large back yards, making the leaf raking too far. All leaf bags must be clear to be picked up, and they can NOT contain grass clippings.

Jordan Park – closes at Dark:

Jordan Park, including fields, hoops, and courts are closed during dark hours. Overnight parking requires permission from the Borough Office.

E-Mailed water bills.

The Borough will e-mail water bills and newsletters to customers. You can set this up with the Borough Office. Bills that are mailed by USPS (US Postal Service) will be charged $1.00 extra per bill.
